Project SEARCH is a unique, business-led, 9 month internship program that takes place entirely in the workplace. The program allows each student with a disability to be immersed in a workplace setting giving hands on experience which increases their skills and abilities and will enhance their chances of becoming employed in the community.

Benefits for Students & Families

- Creates opportunities to work in a business within the community
- Fosters new friendships
- Works towards independence in areas such as transportation, self-advocacy, health and wellness, and financial literacy
- Provides opportunities to explore a variety of employment options through multiple internships
- Provides opportunities to build job specific skills
- Delivers transition services in an inclusive settings
